

### Year 7 Literacy and numeracy Catch – Up expenditure The Burgess Hill Academy

#### 2018/19

The literacy and numeracy catch-up premium gives schools additional funding to support year 7 pupils who did not achieve the expected standard in reading or maths at the end of key stage 2 (KS2). In the academic year 2017/18 the Academy received £11,000 for eligible students. This is the same amount as we received last year. Please find below the details of the planned support to be put in place for students and the intended outcomes of that support. Please note that support will be allocated according to need and so not all eligible students will receive every action included. Students may also be eligible for additional support through our Pupil Premium interventions. For more information please refer to our Pupil Premium Statement which is available on our website.

Action	Cost	Target	Detail	Outcomes	Impact	Continue into 2019/20
Targeted Intervention groups	£7200	Targeted students	Withdrawal groups for targeted students run by HLTA to focus on literacy and numeracy	Students make progress in Eng and Maths	Impact on maths Positive progress +0.8 for low ability students in year 7.
